POST-CLOSURE MAINTENANCE AND CORRECTIVE ACTION
STANISLAUS COUNTY

TO ALL CONCERNED PERSONS AND AGENCIES:

The Regional Water Quality Control Board, Central Valley Region will consider adopting updated waste discharge requirements (WDRs) for the Geer Road Class III Landfill at its meeting on **23/24 April 2009**. This is a regular update of the WDRs to bring them to current standards and address changes at the facility. The WDRs are also being updated to require additional measures to remediate groundwater impacts from the landfill.

Electronic copies of the proposed tentative WDRs and the Notice of Public Hearing are available for viewing and downloading on our website at

www.waterboards.ca.gov/centralvalley/board_decisions/tentative_orders. The Notice of Public Hearing contains important information about the public hearing process. Electronic copies of the April 2000 Standard Provisions and Reporting Requirements that would be adopted as part of the WDRs are at www.waterboards.ca.gov/centralvalley/board_decisions/adopted_orders.

If you do not have access to the Internet or otherwise require paper copies of these documents to be sent to you, please contact Bill Brattain at (916) 464-4622 or by email at bbrattain@waterboards.ca.gov. Persons wishing to comment on this matter must submit their testimony, evidence, and/or comments in writing to the attention of Bill Brattain at the Regional Water Board no later than 5 p.m. on **23 February 2009**. Written materials received after 5 p.m. on 23 February 2009 will not be accepted and will not be incorporated into the administrative record if doing so would prejudice any party.
